Kasco Repair Sheet - Customer Info.

* Important Reminders *

*** All repairs sent in MUST be accompanied by this completed sheet!**

* Routine maintenance consists of checking the zinc anode annually and replacing if necessary, keeping the unit clean, keeping the stainless steel can, and having the seals and oil replaced every 3 years depending on use.
* Address your Repair to Kasco Marine, Attn: Repairs (or to your Authorized Repair Center)
* Shipping to Kasco or an Authorized Repair Center is paid for by the customer
* You must include the power cord and cage with each unit sent in for repair to be considered for warranty repair!
* Do not ship the float and/or control box with the unit for repair, unless otherwise instructed.
* All units must include cage and/or fountain housing for proper repair and shipping protection.

Note: Contact information should be that of the person/company sending the unit in for service.
