2-Tier Condor 4'H x 4'W
3'H x 7'W

Lighted Floating Fountain

VERSATILE — Ideal for ponds up to 1/5 acre. Decorate small water gardens and reflection pools, or enhance large ponds with a stunning center display.

EASY TO INSTALL — Fountain is fully assembled for simple 'plug and go' installation. Floating fountains require just 12" of water.

ENERGY EFFICIENT — 1/4 HP motor draws only 3.1 amps at 120 volts; LED light ring draws <12 watts and is rated for up to 100,000 hours.

COMPLETE — Fountain includes two 15' black polyethylene mooring lines, 50' power cord, and control panel with timer, Ground Fault Interrupter, and photo-eye for lights.

UNIQUE AND INCLUSIVE — Five interchangeable nozzles are included to create 5 unique spray patterns. There is no comparable product on the market.

QUALITY MANUFACTURING — For more than 45 years, Kasco has manufactured top-quality aeration products.

APPROVED — ETL approved to UL and CSA standards as a complete package, not just the motor. Includes a one-year limited warranty.

Non-lit Kasco Floating Fountains are also available.

Kasco's compact fountains are boxed and colorfully labeled for retail sale. (16"W x 18"D x 15"H)
