AquatiClear[™]

Quickly remove floating weeds, algae, pollen, leaves and foul odors near docks and shorelines.

See your shoreline more clearly with AquatiClear by Kasco – the only clog-free circulator.

Patent-pending Clean Current Technology ensures continuous operation using a crown-like composite prop guard.

Multiple sizes and mounting options available.

Revolutionary crown-like prop guard prevents weeds, algae and other floating debris from clogging.

Uses Clean Current Technology

Crown-like prop guard for clog-free operation

Durable stainless steel hardware
