

LARGE 50 HZ SURFACE AERATOR

OVERVIEW

- Complete package includes assembled motor unit, float, three mooring lines, and power cable.
- Operates in 66cm of water.
- CE Marked
- Corrosion protection for saltwater applications
- Intake near surface allows for shallow operation
- Optional lighting

MOTOR UNIT

- Available models:
 - 2HP, 230V single phase or 380V 3-phase
 - 3HP, 230V single phase or 380V 3-phase
- 1450 RPM
- Oil cooled, continuous duty rated
- Long-life bearings
- Thermal overload protection
- Dual, fully unitized heavy-duty carbon ceramic mechanical seal
- Series 300 stainless steel can
- Cast stainless steel motor top
- Sacrificial anode
- Custom-engineered UV-resistant thermoplastic propeller

FLOAT

- UV-resistant high-density thermoplastic
- Three-piece float
- Series 300 coated stainless steel hardware
- Three 15m braided mooring ropes
- Optional coated stainless steel bottom screen

POWER CABLE

- 1m stub cord
- Rubber jacket, 3-conductor power cord with earth conductor
- Potted quick disconnect and stainless steel strain relief standard on all stub cords
- Flex sleeve cord protection

OPTIONAL LIGHTS

- 230V, 50 Hz compatible
- Options include:
 - Durable bronze housing with white halogen lights
 - Ultrasonic welded watertight composite housing with 5 colored lenses
- Includes light fixtures and stub cord
