

ROBUSTAIRE DIFFUSED AERATION 50HZ MEDIUM CABINET SYSTEM

OVERVIEW

- System includes rocking piston compressors, cabinet, diffusers
- Designed for 24-hour operation with minimal maintenance
- Compressed air inlet filter visual maintenance indicator
- Patent-pending noise-canceling design to dramatically reduce compressor sound

COMPRESSOR

- Continuous-duty rated
- Ramped reed valve
- Heat-resistant tubing
- Paper air filter element for compressed air
- CE Certified

TeichAire KM-120C

- 1/2HP oilless piston compressor
- 230V (KM-120HC) 2.0 amps @ 1.38 bar (20 psi)
- 4.9 CFM @ .34 bar (5 psi); 4.0 CFM @ 1.72 bar (25 psi)
- 1.72 bar (25 psi) pressure relief valve
- Can supply up to 3 diffuser heads

SURESINK WEIGHTED TUBING

- Sold separately
- Cabinet equipped with 9.5mm barbs, 16mm barb kit available
- 30.48m rolls or 152.4m reels
 - 30.48m packages include all fittings

OPTIONAL REMOTE MANIFOLD

- Aluminum manifold with brass valves

MEDIUM CABINET

- Accommodates two 1/2HP compressors
- Powder-coated aluminum cabinet
- Ground pad installation recommended
- Cooling air filtered as it's drawn into cabinet
- 66cm x 52.6cm x 49.8cm
- 2-compressor cabinet has one power cord with bare wires for hard wiring or attaching a plug

DIFFUSER

- Self-weighted stainless steel base designed to land upright every time
- Integrated tubing strain relief & rope tie-offs
- Molded plastic edge guards protect pond lining
- Proprietary linear low-density polyethylene & rubber diffuser hose
- 58.4cm x 39.4cm assembled
- Diffuser hose sits 15cm above bottom of base
- Check valve

WARRANTY

- Diffusers: Lifetime
- Cabinet: Lifetime
 - Exhaust fans: 3 years
- SureSink Tubing: 15 years
- Compressor
 - Motor: 3 years
 - Piston cups and cylinders: 2 years

ROBUSTAIRE DIFFUSED AERATION MEDIUM CABINET SYSTEM

Model	Compressor	# of Diffusers	Voltage/Phase	Amps
RAE4	2 x KM-120C	4	220V / 1	3.5
RAE5	2 x KM-120C	5	220V / 1	3.5
RAE6	2 x KM-120C	6	220V / 1	3.5
