

WATERGLOW LIGHTING

RGBC5 COMPOSITE LIGHTING

OVERVIEW

- Composite 3, 4, or 6 RGB fixture kit
- RGB lighting controller and remote
- Mounting brackets, hardware & snap-on clips
- Saltwater compatible
- Packaged for easy installation and convenient shipping
- Change lighting color with the touch of a button
- Select from 9 static colors or one of three transitions
- Music mode syncs color transitions to music
- 2-year warranty

FIXTURES

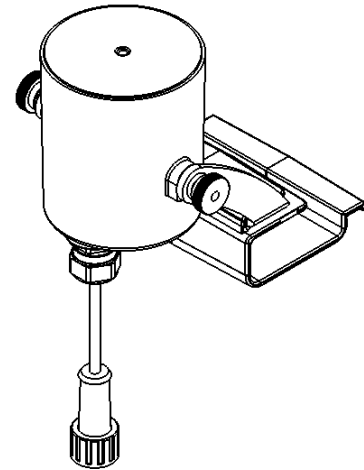

- 24Vdc powered
- Ultrasonically welded thermoplastic fixtures
- 5-watt potted RGB LED driver and board in each fixture
- Built-in thermal overload
- Clear plastic light window
- IP68 connector
- Flex sleeving on each fixture

POWER CABLE

- Integrated splitter to allow for single cord back to power source
- 6-light kits have two power cords with three fixtures each
- 6' flex sleeving protection
- Optional Quick Disconnect available
- UL, CSA, & NEC approved underwater-rated cable

RGB CONTROLLER

- 120V controller plugs into fountain/aerator controller
- Integrated microphone for music setting
- Option for 3.5mm-to-3.5mm audio cord for color changing based on music
- Includes battery-operated remote control for lighting

BRACKETS

- Coated stainless steel bracket
- Adjustable angling with thumb screws
- Includes hardware for mounting to snap-on clip
- 4-light kits include Universal bracket for mounting to non-Kasco brand floating fountains

SNAP-ON LIGHT CLIPS

- Molded thermoplastic attachment clips
- Easily snap onto light brackets and then onto molded float locations
- Enables easy installation and removal of lights on Kasco floats

RGB REMOTE

- Choose from one of nine static colors
- Three programs to transition between colors
- Five brightness levels
- Music option enables color changing in time with audio via 3.5mm jack or built-in microphone
