## AQUATICLEAR™ CIRCULATORS

Kasco AquatiClear Circulators are clog-resistant and keep water near docks, canals, and shorelines free of floating debris and foul odors.

-  1/2, 3/4, & 1HP Available
-  Crown-like Prop Guard Decreases Clogging
-  Less Clogging Reduces Maintenance

## DE-ICERS

Kasco De-icers create an opening at the water's surface, keeping boats and docks safe from damaging ice buildup.

-  1/2, 3/4, & 1HP Available
-  Prevents Ice Buildup and Improves Aquatic Environment
-  Stainless Steel Components for Durability

## NEW HOME SERIES DIFFUSED AERATION SYSTEMS

Kasco Home Series Diffused Aeration Systems provide beneficial movement from the bottom up to improve water quality in backyard ponds.

-  Home Series Diffused Aeration Cabinet
-  Single-loop Diffuser Provides Efficient Water Movement
-  Ideal for Ponds up to 2 Acres and With Less Than 20 ft. of Depth

## ROBUSTAIRE™ DIFFUSED AERATION SYSTEMS

Kasco RobustAire Systems, with AireGuard Cabinet Technology, restore your water's natural ecosystem by adding mixing and movement.

-  1/4 & 1/2HP Available
-  No Electricity in the Water Makes it Safe for Swimming
-  Self-weighted, Dual-loop Diffuser Lands Upright Every Time

## SURFACE AERATORS

Kasco Surface Aerators push high volumes of water into the air, increasing the overall health of your water and keeping it thoroughly mixed.

-  Lighting Packages Available
-  Ideal in Depths Less Than 8ft.
-  For Continuous or Supplemental Use

## POND PROBIOTICS

Pond Probiotics are a safe, non-chemical approach to water quality management and produce a healthy, balanced ecosystem.

-  Available as Quick-Dissolving Powder, Pucks, and Time-releasing Blocks
-  Safe for People, Pets, and Livestock
-  Eliminates Waste, Dead Grass, and Foul Odors
