Product Notes:
1. See Lighting Selection Guide on page 23 for lighting recommendations per HP.
2. All kits include a control fixture with an antenna to increase signal strength. This should be placed on the float like the regular light fixtures.
3. Fixtures are daisy-chained together with a single, submersible quick disconnect.
4. Protective cord sleeving included on each fixture. 3 ft. of sleeving included on main power cord(s).
5. Fixtures cannot be serviced in the field and individual fixtures cannot be swapped.
6. RGBW18 3- and 4-fixture kits require a 6-light kit adapter (PN 840306). See page 67.
7. RGBW18 4-fixture kits must use the 3HP and 5HP surface aerator 3-piece sectional float.
8. Use the provided cable ties to attach fixture cords to the float to avoid cuts or damages to the cords.
