Product Notes:

1. Small Cabinets (ex. RA1) are ground-mount standard. Mounting Bracket available separately with part number 774300. See page 57.
2. Small Cabinet systems include 3/8 in. tubing as standard but will also work with 5/8 in. tubing. See page 57.
3. If less tubing is needed, subtract retail price of the rolls not needed. If more rolls are needed, order more rolls as separate line items.
4. Kasco recommends 5/8 in. tubing for any run longer than 300 ft.
5. Remote manifold systems allow installation long distances from power. These systems include remote valve manifold and valve box.
6. No-Cabinet systems include mounting bracket with cooling fan.
